

Letter of Intent

Must be very detailed in order to determine flow.

Letter should address:

- * Number of employees
- * Number of seats and average attendance
- * Hours of operation
- * Description of daily usage
- * Number and type of fixtures
- * Laundry (Yes or No)
- * Description of any process that uses water in business operations
- * Square footage from Engineered Floor Plans

The more detailed your Letter of Intent, the faster we'll be able to process your application.
