

How Can We Help?

This brochure is designed to help you find the services needed for accurate and timely referrals to the services providers that will most likely meet your needs or your patient's needs.

This list is not perfect, but represents a good faith effort on the part of community health advocates to improve access to needed services.

Information listed in the column to the right is a quick source for service providers who primarily serve patients whose payer source is Medicaid, the federal and state funded insurance for qualifying consumers.

The information provided within this brochure references providers who accept cash as payment, payment from private insurance companies, or payment from Medicaid and/or Medicare.

For other medical or community service referrals, you may also call

CARE CONNECTION INFORMATION AND REFERRAL OF WILKES

... a United Way information and referral service, **667-CARE (2273)**.

Smoky Mountain Center

Smoky Mountain Center, SMC, is a regional organization that coordinates high quality prevention, treatment, and support services for individuals and families in our communities with developmental disabilities, mental health, or, substance abuse needs.

Individuals in our region with developmental disabilities, mental health, and/or substance abuse needs have access to timely, evidence-based, and culturally sensitive prevention, treatment, and support services in their communities.

To speak to someone on the phone confidentially about a service provider, you may call 1-800-849-6127.

For Mental Health Emergencies, please call 1-800-849-6127

(All calls are confidential)

If you prefer to use the web based service provider search, then go to
